WORK EXPERIENCE

Procter & Gamble, St. Bernard 2023

Designed a system that unifies products from multiple brands. Created solutions for packaging. Improved product superiority in several categories.

Orange Chair, OTR 2022

Modeled furniture structures using CAD and made shop drawings for the construction of furniture. Operated CNC mill to cut plywood parts for assembly. Installed furniture in restaurants, bars, breweries, and homes in downtown Cincinnati.

Graphic Village, Blue Ash 2021

Consulted customers on graphic design development. Designed final product using Illustrator. Reviewed clothing prints prior to screenprinting. Prepared shipments. Constructed packaging.

AvroKO Design 2021

Created concept for a 70s-retro style speakeasy bar with four other UC students and an architect in a collaborative studio setting.

UC Hero Bearcat Art Campaign 2019

Submitted application and design for a Bearcat Aviator. Painted life-sized fiberglass statue.
